

Policies & Procedures Manual

Policy No. 9.5 (BP - Upper Cheakamus Road Maintenance Policy)

Upper Cheakamus Road Maintenance Policy

Purpose:

The purpose of this policy is to enter into a contract with a third party to provide maintenance of the Upper Cheakamus Road, from the Jack Webster Bridge to approximately one (1) kilometre past the bridge.

The Regional District will ensure the following maintenance schedule is followed:

1. Snowploughing at a frequency similar to what the District of Squamish engages in for their section of the Upper Cheakamus Road leading up to the Jack Webster Bridge.
2. Road grading at a frequency of two (2) times per year.
3. Two (2) annual inspections of the road to ensure that the maintenance schedule is being followed by the contractor.

The Regional District will post signage at both ends of the one (1) kilometre section of road explicitly warning drivers that the road is unpaved and not regularly maintained.

The Regional District will only maintain the existing surface. Additional maintenance or improvements such as road resurfacing or dust abatement are not supported within the current budget.
